THE ISLE  
ABOUT US

Welcome to THE ISLE.

I'm Mackenzie and my journey into wedding planning began with my own wedding on the breathtaking island of Zakynthos.

During the process, I discovered how oversaturated the wedding market was with generic, outdated package deals—none of which captured the aesthetic, authenticity, or quality my partner and I envisioned.

Determined to create a more meaningful and personal celebration, I embraced the challenge of designing and curating every detail of our special day. This led me to collaborate with Zakynthos' most talented local suppliers, crafting an unforgettable experience with exquisite food, fine wine, beautiful music, and the island's stunning natural beauty as our backdrop.

Planning a wedding abroad can feel overwhelming, but with my established relationships with trusted local vendors, I bridge the communication gap and help turn your vision into reality.

With over a decade of experience as a creative project manager in the luxury fashion I've worked with esteemed brands such as Hermès, Chanel, Asprey, and the LVMH Group—planning my own wedding felt like a natural extension of my expertise.

Please arrange a free consultation call with me to discuss your wedding or event.
